

School Review Comment

This year our school will conduct a review of the past three years and put in place a strategic plan for 2010 – 2012.

In this plan we intend to capture the areas in which our school is progressing well and areas that require development if our students are to maximise that learning opportunities at our school.

The link below takes you to our feedback sheet that invites your comment. Please take some time to record your thoughts and be a part of the planning of our school’s future.
