

Accessing office 365 on your Device

1. Open your application store (Google Play or the App Store) and search for any Office 365 app
2. Once the Application has downloaded you will need to log in with your EQ Username and Password

Microsoft Office 365 is now available on the Mac App Store – and your Office 365 subscription gives you full access to all features across any platform. To subscribe, just login to any Microsoft Office app and upgrade. Find the full suite of iOS apps below so you can start creating and collaborating on the go.
